EROTIC BDSM & FETISH FAIR

- EXHIBIT
- SELL
- PRESENT
- WIN CUSTOMERS

MARCH 31 - APRIL 2, 2023  
KARLSRUHE | GARTENHALLE

The trade fair profile of obscene as an Erotic BDSM & Fetish Fair and as a scene meeting place in the southwest will be sharpened: The BDSM and fetish scene will be addressed as visitors, as well as people who are sexually open and willing to experiment and who like to experience and live their passions and fantasies together with others.

In order to reach these visitors, obscene will consistently be present in the scene communities in the southwest. Visitor advertising will be expanded especially in the greater Stuttgart area and in Switzerland. And for the first time, there will also be an application in the French border region.

Crowd magnets are the high-quality exhibitors with a focus on handmade and exclusive SM and fetish products with quality standards, a varied programme with workshops, stage shows and evening events.

Together with the exhibitors, we will make obscene the place to be for a lustful weekend in the southwest. Right in the middle of a high purchasing power catchment area.
